REPORT:

Following advice from Racing Analytical Services Laboratory, the Stewards of Greyhound Racing Victoria conducted an investigation into the results of the post-race and pre-race urine samples taken from the greyhound 'Stevron Autos' at the Meadows meeting held on 27 January 2016 and 3 February 2016.

During the investigation, Stewards received evidence from registered trainer Mr. James Olsen, Mr. Paul Zahra (Racing Analytical Services Laboratory) and Dr. Steven Karamatic (GRV Chief Veterinarian).

After considering the evidence, Stewards charged Mr. Olsen with breaches of Greyhounds Australasia Rule 83 (1A) and 83 (2)(3) as detailed above, given that the post-race and pre-race urine samples taken from the greyhound indicated the presence of the prohibited substance arsenic.

Under Rule 47.1 of the Greyhound Racing Victoria Local Rules breaches of GAR83 (1A) and GAR83 (2)(3) constitute Serious Offences. As a result on Tuesday, 7 February 2017 this matter was heard before the Racing Appeals and Disciplinary Board in the first instance under Greyhound Local Racing Rule 47.3 and Sections 83C(b) and 83M(1) of the Racing Act.

Mr. James Olsen did not appear.

Mr. Justin Hooper Barrister instructed by Mr. Marwan El-Asmar GRV Managing Principal Lawyer represented the Stewards Panel.

DECISION:

1. The serious offence charges against Mr. Olsen were listed for hearing today. Mr. Justin Hooper appeared on behalf of the Stewards and advised that the charges were to be withdrawn.
2. Section 83M (1) of the Racing Act requires this Board to 'hear and determine' a serious offence charge. In all the circumstances and having regard to the fact that the Stewards were not to call any evidence in support of the charges the appropriate course is for the Board to strike out each charge.
